Timeless beauty

The new icon for your Wellness

PERSONAL LINE heralds the day of a new era in the way we approach physical exercise. Born out of the collaboration between Technogym and Antonio Citterio Design Studio,

PERSONAL LINE translates thirty years of research and product development into beautiful design objects created with exclusive materials and exquisite craftsmanship.

RUN PERSONAL

CROSS PERSONAL

KINESIS PERSONAL

UNITY™

More connected, more personal

Unity™ cardio console is your gateway to infinite training possibilities: more intimate, more connected, more personal than ever. Its futuristic tablet-like customisable interface and Android technology ensure a truly interactive training experience: you can swipe, scroll, tap and jump from one activity to another, making training even more challenging and motivating.

Create a challenging training experience

With the new UNITY™ cardio console you can choose from a variety of solutions to create a personalised training experience that meets your objectives while keeping you motivated.

MyRunning Logbook

Use your preferred training app to track your path and performance, feed the information to the UNITY™ console from your mywellness.com account and recreate your outdoor experience every time you want to.

Other apps

Virtual Training

Select a virtual location where you want to train from the different scenarios available and enjoy the outdoor feeling on your cardio console.

Distance, time, calories

Shortcuts to the most popular workouts for exercising against the time elapsed, or number of calories burnt, or the distance covered.

All exercises

Choose your exercise from the complete list of available workouts: Goal Driven, Heart Rate Driven, Advanced and Tests.

Meet your objective and improve your training performance

Create a personalised training experience suited to your requirements choosing from a variety of workout options.

My Training

Create a personalised training programme on your mywellness.com account based on your needs and available equipment. Follow the list of exercises and keep track of their status.

Guide me

You can access a library of videos which explain how to use the equipment and show you how to perform the exercises correctly.

Results

Is your training effective? Monitor your results over a set period of time and check your progress against your set goal to make the necessary changes to your training programme.

Enjoy a better experience with your personal content

UNITY™ enables you to set up a personal profile that automatically links to your favourite content and training programmes.

Stay connected

Stay in touch and share your workout with your friends and family, or ask your personal trainer for advice while you train from the built-in webcam.

WEBCAM (PATENT)

Set up personal profiles

Create up to five personal profiles so that whoever signs in will go directly to their Facebook account, to their favourite apps, tv channels and websites.

Enjoy your favourite apps

Access your favourite Android apps just like you do with your smartphone or tablet. Flipboard, Pinterest, TuneIn Radio, YouTube, Angry Birds, just to name a few.

Sync your content

All content stays logged in from one workout to the next so you don't need to reset personal preferences and gaming levels.

Boost your motivation with a more entertaining workout

With the new UNITY™ cardio console you can watch your favourite TV programmes, listen to your number one radio station, surf the net, listen to music and play your best-loved games while you train.

Music

Wireless listening to your favourite music, songs and artists' playlists from your smartphone via Bluetooth.

Web

You can browse the web, create and access your personal bookmark list and use the two-finger pinch-to-zoom gesture that allows you to zoom in and out and move the images through pinch.

PINCH-TO-ZOOM

Games

You can choose a game among the most popular apps available on board and stimulate your mind while you train.

TV

You can access the TV channels list and watch your favourite programmes while you train.

Radio

You can access the radio channels list and listen to your favourite programmes while you train.

Run Personal

Designed by Antonio Citterio – Assistant Toan Nguyen

Run Personal

Run Personal combines cutting edge technology, innovative materials and flawless design to bring you not only professional cardio training, but also an engaging multimedia experience, so that you can have fun while you run.

RECOMMENDED FOR

- Improving the cardio-respiratory system.
 - Weight loss and maintaining body weight.
 - Strengthening and toning legs.
 - Beginners and experienced users.
-

Full multimedia entertainment

The tablet-like UNITY™ digital console provides a host of exciting entertainment options: TV, radio, games, web, music and videos.

Integrated 19" touch-screen tempered glass display.

reddot design award
honourable mention 2010

Enhanced training performance

The silent motor empowers any type of training, from easy-paced walking to high intensity marathon training (4 HP).

Inclination up to 15% to simulate hill training.

Innovative design and materials

The soft touch plastics used for the central and side handles make them pleasurable and comfortable to touch and provide optimum grip.

The micro-polished sleek aluminium frame enhances your home environment design.

Comfort and safety

Constant heart rate monitoring with Hand Sensor and telemetric heart rate monitor. Central support bar, large running surface with shock absorbers and joysticks for adjusting speed and incline from correct posture.

Runner Detection Function automatically that stops the equipment when not in use. Emergency STOP button also incorporated.

Recline Personal

Designed by Antonio Citterio

Recline Personal

Recline Personal integrates performance and style, biomechanical excellence and innovative entertainment. The perfect balance between technology and design.

RECOMMENDED FOR

- Slimming and weight control.
- Maintaining and improving fitness levels.
- Toning legs without straining the back.
- Both advanced workouts and moderate cardio activity for de-conditioned users.

Maximum comfort

The ergonomic adjustable seat designed by Vitra ensures that correct posture is constantly maintained, without straining the back muscles. Thanks to the technological drive transmission system, pedalling is extremely smooth and silent.

Attention to details

Micropolished steel with a sleek mirror finish in the front section of the equipment enhances the style of the product making it easy to suit any interior environment.

Robust and elegant

The die cast aluminium frame and the craftsmanship which can be seen in its polished finish make Recline Personal a unique example of style and robust quality.

Cross Personal

Designed by Antonio Citterio

Cross Personal

Cross Personal is the first total body elliptical trainer with an integrated personal entertainment console. Thanks to its silent operation, you will fully appreciate the surrounding effect of the hi-fi speaker sound.

RECOMMENDED FOR

- Slimming and weight control.
- Total body workouts.
- Exercising without placing joints under stress.

Precious materials

Micropolished steel with a sleek mirror finish in the rear section of the equipment enhances the style of the product making it easy to suit any interior environment.

SPEAKERS

Perfectly safe training

Thanks to the telemetric band or the Hand Sensors, which constantly monitor your heartbeat, you can perform each workout

in the best way, in line with your objectives and in total safety.

Entertainment and controls close at hand

The four integrated loudspeakers carry the sound around you to give you an unprecedented workout experience.

Ergonomic levers with Fast Track Control allow for exercise intensity adjustments without changing the correct exercise position.

Silent fluid movements

The technology behind the braking system is based on a special electromagnetic device which ensures Cross Personal operates in

a completely smooth fashion, making for a comfortable, stylish home environment.

Kinesis® Personal

Designed by Antonio Citterio – Assistant Toan Nguyen

Kinesis® Personal

Kinesis® Personal is the first piece of designer gym furniture for the home and environments dedicated to people's mental and physical wellbeing.

RECOMMENDED FOR

- Improving movements connected both with daily activities and specific sports.
- Improving strength, coordination, flexibility, posture control, breathing control.
- Exercising both single muscles and entire muscle chains, thus helping you to achieve not only more strength, but also better balance, flexibility and stability as key abilities.

Quiet, safe, unlimited movement

Thanks to the FullGravity patent, consisting of a pivoting pulley system, Kinesis® Personal provides an unlimited range of movements. The resistance applied is regulated by a sophisticated and patented innovation. A system of forces gradually and smoothly increases the resistance in total safety, thereby maintaining supreme fluency and silent movement during exercise. This system, which does not require the presence of a cumbersome weight stack, also contributes to reducing overall equipment dimensions.

Kinesis® Personal VISION

The VISION version is made of three steel panels applied to a rigid structural support which act as a mirror without distortion.

The sleek mirror finish allows you to instantly check posture while exercising.

reddot design award
winner 2007

Kinesis® Personal HERITAGE BLACK

The covering panel of the **BLACK** version is made of wood treated with a special paint to make it unalterable with the passage of time and to give the surface

an attractive leather look. The American oak wall bars are selected individually by craftsmen who assess their flawless quality.

Kinesis® Personal HERITAGE CREAM

The surface of the **CREAM** version is treated with a special paint for a

leather effect. The surface is smooth and velvety to the touch.

Kinesis® Personal HERITAGE GOLD

The surface of the **GOLD** version is made of wood covered in sheets of

gold colour leaf, applied by hand using a craft technique that requires 60 hours.

Kinesis® Personal HERITAGE LEATHER

The surface of the **LEATHER** version panel is made of full grain leather,

carefully selected by craftsmen and applied by hand with contrasting stitching.

Multi-purpose

Thanks to the 3 pairs of handgrips you can perform over 200 different exercises, without having to make any adjustments. Specific muscles (chest, back, abs, glutes and quadriceps) are engaged using the standard

individual movements, whereas the combined movements work several muscles in total synergy and at the same time (front and back kinetic chains, core and multi-chain).

Wellness Tools

Wellness Ball™

Active Sitting

Wellness Ball™ - Active Sitting improves your lifestyle. All the time you spend sitting, at home or at work and in your leisure time, can be turned into an opportunity to exercise and be more active.

Train while sitting comfortably

By making involuntary micro-movements or by using the ball for targeted exercises, you can improve flexibility, stability, balance, coordination and posture, and tone up your back muscles as well as the core muscles. Its patented design ensures a comfortable, stable and correct sitting position for back pain prevention.

A trainer always with you

The QR Code enables you to access a library with the most appropriate exercise videos.

Mobile content via smartphone, tablet or PC

Receive personalised training programmes developed by our specialists.

View videos of each exercise, wherever you are.

Receive a reminder of training sessions directly on your device or PC.

Safety and stability

The lower part of the Ball is made of high-density material for greater stability and to prevent it from rolling around, ensuring a tidier environment. A specifically developed material has been used on the underside to prevent slipping (patent pending). The Ball is burst-resistant certified.

Environmentally friendly

The Ball is made from top quality PVC and vinyl, both suitable for recycling. Furthermore, it is phthalate-free, latex-free and complies with

strict European safety regulations regarding cadmium and lead content.

Design and quality finish

Wellness Ball™ - Active Sitting is an interior design item, hand-stitched in Italy and perfectly suited to modern, fashion-forward environments (patent pending). The cover is made of multilayered fabric, with

a support lining and breathable honeycomb material, typically used in running shoes. It can be removed thanks to a high-quality zip fastener made to nautical standards to resist to wear and tear (patent pending).

Positioning and transporting via the loop handle

The loop handle allows for easy ball positioning, helping you find a correct sitting position.

Personalisation

Each ball can be inflated to a personalised setting, according to uses, level of comfort and your height. Use the special label tag to personalise your ball with your name.

Wellness Ball™

Training

Suitable for users of all kinds - from the less experienced to the most demanding ones - Wellness Ball™ makes training all your muscle groups fun, helping you develop flexibility, balance, coordination and correct posture, and perform bodyweight strength exercises.

Its double-layer surface, the result of a patented technology, ensures that the Ball's elastic properties remain unchanged even in the case of frequent use.

Safe materials

Appropriately selected materials guarantee stability, adherence and a soft surface finish. Wellness Ball™ Training is burst-resistant

certified for extra safety and its special mixture ensures slow, controlled deflation in case of contact with sharp items.

Personalised dimensions

Wellness Ball™ Training is available in two different models and colours: grey, 55 cm

diameter for people up to 170 cm tall; black, 65 cm diameter for people taller than 170 cm.

Environmentally friendly

The Ball is made from top quality PVC and vinyl, both suitable for recycling. Furthermore, it is phthalate-free, latex-free and compliant with

strict European safety regulations regarding cadmium and lead content.

Wellness Bag™

The Wellness Bag™ is a kit of accessories, including handles, elastic cords and ankle straps, designed for people of all ages who wish to stay in shape at home and on the move. Ideal for improving strength and flexibility.

Safe exercising

Exercises performed using the elastic cords are simple and the resistance/load is optimised

according to your physical characteristics and your fitness level.

Maximum portability and versatility

Easy to carry around when travelling.
Insert the Wellness Bag™ inside the Wellness

Bag and you instantly have a mobile gym which weighs just 2.5 Kg.

Wellness Weights

Wellness Weights are dumbbells to be used at home and on the go. The modern design and the special materials make them the perfect answer for people looking to keep in shape and tone up with small weights and a touch of style.

Unique design

Technological innovation comes in the form of unconventional materials and a modern, advanced design concept.

Wellness everywhere

The bag is designed to pack the weights correctly and to carry them around safely.

Wellness Rack

The elegant, functional Weights Kit for complete strength training programmes involving all muscle groups. The high-quality polycarbonate weight stand combines quality and durability with modern, stylish design.

User-friendly design

Thanks to the innovative system for fastening the disks to the handlebar, the dumbbells are easy to assemble and use just like professional ones.

Innovative, modern design

The original weight stand is a stylish interior accessory in its own right.

Wellness Pad

An excellent stretching mat, ideal for daily use to improve flexibility and perform basic strength-building floor exercises. Stretching reduces muscular tension, enables greater freedom of movement, helps prevent injuries and improves posture and sports performance.

Practical to use and carry around

The basic stretching exercises are printed inside the mat and illustrated in the user manual. The two pockets and shoulder strap

make it a versatile and handy solution even for people on the move. Conceived and created to incorporate the Wellness Bag™ perfectly.

Stylish design

With its elegant shape and colour, this mat fits perfectly with the Wellness Tools™ line.

Designed specifically to be carried around and used in combination with the Wellness Bag™.

Services

or visit
technogym.com/trainingservices
from Smartphone, tablet and PC.

Wellness Design™

Plan your Wellness

To help you achieve a state of total wellbeing, we can plan your Wellness space according to the principles of Wellness Design™, which take into account both the physical and mental aspects of the individual. Technogym can offer you an interior design service to help you create your very own Wellness space in order to integrate the equipment into your environment and let you live your Wellness experience in the best possible fashion.

Our Wellness Design™ service will allow you to create a virtual image of your home gym before you go ahead with it. During the design phase we pay special attention to the following aspects:

TECHNOGYM PRODUCTS

We will assist you in choosing the right equipment for you and for the space at your disposal.

SPACE

We will set up the equipment making it fully accessible and enabling you to train easily, and in a way which fits perfectly with your environment.

MATERIALS

We will advise you on which materials to choose for your Wellness area (flooring, walls etc.).

LIGHTS AND COLOURS

We will help you select the ideal lighting and colours to fit with the surrounding environment, so that you can enjoy the pleasures of a relaxing Wellness experience.

FURNITURE

We will guide you in the choice of furnishings and complementary items that are best suited to your Wellness area.

WIRING

We will give you clear instructions regarding the electrical requirements necessary for your Technogym equipment.

Get inspired. Visit

“Made for iPod” and “Made for iPhone” mean that an electronic accessory has been designed to connect specifically to iPod and iPhone, respectively, and has been certified by the developer to meet Apple performance standards. The 30-pin connector works with iPhone 4S, iPhone 4, iPhone 3GS, iPhone 3G, iPhone, iPod touch (1st through 4th generation), iPod classic, and iPod nano (1st through 6th generation). Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. iPhone and iPod are trademarks of Apple Inc., registered in the U.S. and other countries. All others third parties trademarks and logos contained within this catalogue are property of their respective owners.
